John Ford	FX Ind	Aeon 10-40	WFTF	PCP	JSB 8.4	44	7

Remarks:

This was the third match of the year, but only the second match report, but more about that later. We had twelve shooters come out for a 72 shot match. The weather was perfect cool in the morning bright sun and warm in the afternoon. Great weather and some tricky wind gusts made the course interesting. The new target layout has lots of shooting right or left and then changing positions to get the second target.

There were a total of four shooters in the Hunter division, one in PCP and three in Piston. Miguel shot a 59 to take first in PCP. Ed was first in Piston with a 31, followed by Mike with a 21. David is still sorting out his equipment setup and stuck it out to the end. Art was the sole Open shooter and finished with a personal best 63. Congratulations Art. The WFTF division had seven competitors. Gerald finished first with a 65 followed by Chris with a 57. Will was experimenting with a new gun and still finished with third with 53 points.

As mentioned earlier, this is only the second match report posted so far this year. It seems as though the match director misplaced the score sheets for the April match. The April match was a real social event with catered BBQ for everyone after the match. Too bad the MD lost the score sheets.

Mark your calendars for the July 20 match. In support of those attending the Worlds in August we will try to have a WFTF format match. All competitors are welcome though. Just a heads up, we will do one shot per target and three minutes per lane. Expect some new targets. Shot count TBD. See you then.

Gerald Long

FT Match Director
