Website Update

Our website is becoming an integral part of the Club's communication and registration for events. It will also have the ability for you to check the range schedule and status. We are working on a method to get the membership applications online. The membership

management part of the website is still under development. This will help out with the records keeping. Check the website occasionally to see how things are progressing. Expect some emails till things get settled.

The days of phone trees are long gone. However, there is still a place for phone communication. For example, if there is a match or other event scheduled and the weather looks iffy, we will have a phone number set up (336) 484-1645 that you can call to see if the event is cancelled. You will also see the latest news at our blog.
