### SAFETY

#### CORNER:

A quick reminder for safe practices and range etiquette.

When the range is called COLD for members to go down to their targets, **no one shall handle any firearms** - not even to pack up and leave. Firearms shall only be handled when the range is hot.

When using the "Multi-Purpose Pits" the direction of fire **must** be directed at the provided target boards only. Firing into the side berms is not allowed during general use.

Please pick up your brass when you have finished shooting. There are several buckets available to drop off your used brass. Take down and properly dispose of your targets. Leave the range better than how you found it.

### 2 GUN MATCH

#### UPDATE:

### VINTAGE RIFLE

#### TEAM:

November was the club's best match so far with 33 participants. December's match will bring a new element to the friendly competition: you get to *save Santa*. The 2 Gun Matches are open to members and public and to spectators. Cost is \$20 to participate. Check out our new [Match page](#) on the club website for pictures, match info and match scores. Course of fire changes every month. Have an idea for a stage? Please email [John Bechtel](#).

Do you enjoy shooting vintage military rifles? A few members have expressed interested in forming a CCGCI Vintage Rifle Team. The team will not be sponsored by CCGCI (the club will not pay travel cost, entrance fees, etc.) - rather it is just members of CCGCI as a collective. If interested or have any questions, please email [Evan Silos](#) or join in the discussion on our [forum](#)!
