November 2014

Club Update

The range continues to be a busy place - not just for shooting. We have been adding to the berms recently and seeded them this past week. The grading in front of the rifle range shelter is complete and has also been seeded. Gravel is on the way to finish the drive around the rifle berm and make a more suitable parking area behind the berm. A large area behind the picnic shelter has also been cleared for range expansion (layout still under review to facilitate Range Matches, Training and membership use). All of course, cost money.

The club dues have not been raised since the club started in 2012. With more members come more range maintenance. So that being said, to help with the growth and maintenance of the range, the Executive Committee has voted to raise the 2015 Club Dues to \$130. Still payable via check or paypal, but we are going to offer a \$5.00 discount to Dues paid with check and postmarked no later than January 1, 2015. Invoices should be going out via email the first week in November.

We are very appreciative to our members who have donated so much of their time to help with orientations, 2 gun matches, fun shoots, gun shows, and cookouts. To continue growing the club, we still need help. The shooting event committee plans great events, but they still need help setting up and cleaning up. Members who help with the 2 gun match get a discount (\$10)!!! Anyone interested helping with Fundraising (raffles, advertising, etc) or Recruiting (gun shows, cookouts, distributing flyers and business card), please let us know. If you have experience directing matches, and would be interested in help plan/execute matches please let us know!

Check out the [updated website](#)! If you can think of information or items to add please let us know.

New Executive Committee

The 2014-2015 Executive Committee was Elected at the October Meeting - Congratulations to all.

President: Scott Stephens
Vice President: John Bechtel
Secretary: Carly Silos
Treasurer: David Devine
2nd Vice President: Brian Stendler
